

# *My unit and I climb mountains!*

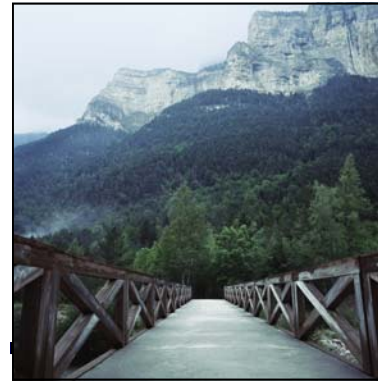

You can't keep a good unit down, you know! I am just so proud of my unit!

I can't even express to you how touched and excited I am. Some may have said it couldn't be done, others might have questioned it, but look where we are, WE DID IT!

This is a time of celebration for all of us and I thank you for the part that you have done.

We are standing strong as a team today. You can't keep a good unit down, and here we are! HERE WE ARE!!!
